

Do You Need Earthquake Insurance?

You've worked to build equity in your home.

Your home is in one of the most earthquake-prone areas in the country. If you already protect your home equity from fire, theft, and wind damage, why not earthquakes?

Trusted standalone earthquake insurance coverage backed by an A.M. Best "A" (Excellent) rating. **So you'll never need to stand alone.**

GeoVera Insurance Company

**Strong, trusted,
and rated to last.**

Your protection is only as strong as its weakest link.

There are thousands of earthquakes each year in California, Oregon, and Washington. All it takes is one. Get an earthquake insurance quote today to learn how to strengthen your home's protection.
